FINANCIAL NEWS AND COMMENT

Market Operators Revise Ideas on Reserve Board Warning and Money Rates.

PESIMISM IS DISSIPATED Values Advance Most of Day, Buying Being of Best Kind in Many Issues.

In these days of extraordinary strength in fundamental conditions Wall Street refuses to stay depressed for any length of time over developments which upon first analysis appear to possess elements of serious import.

Stock market operators revised their ideas on the ultimate effect of the Reserve Board's warning and upon the position of the money market.

Stock market values advanced in the greater part of the day, with the reactions reported in various issues in the latter part of the session.

GOSSIP OF WALL STREET. British Treasury Notes. J. P. Morgan & Co. proceeded with the work of preparation for an offering of British Treasury notes yesterday.

Buying of the Rails. Wall Street advanced the idea yesterday that the buying by substantial houses of the rails was not a mere speculative operation.

What Will You Have? Two years ago Mr. Schiff was calling on the United States Steel Corporation.

The Vindictors on the Table. Now bankers, investors and speculators have returned by dozens from the banks of the United States.

Quarrelling Over the Feast. Just what is best to do has not been decided by the Federal Reserve Board.

Embargo Outlook Poor. Wall Street has been more or less upset over the possibility of legislation by Congress.

Arguments Contrary. In the past week most of the points raised by bankers in regard to securities bearing an international flavor.

SHORT TERM NOTES. An offering of 100,000 shares of 100-cent common stock.

That Reserve Board Warning. A Western banker in approving the warning sent out by the Federal Reserve Board regarding foreign Treasury bills.

United States Steel. Certain large commission houses assert that there has been a large outflow of United States Steel common stock.

PARIS MARKET. PARIS, Nov. 29.—Trading quiet on the bourse today. Three hundred and thirty-nine shares of the issue have changed hands.

WEAKNESS AGAIN IN THE FOREIGN ISSUES

Harder Tendency in Money Augments Effect of Reserve Board Warning.

GENERAL MARKET IS FIRM Some Railroad Bonds Are Strong—Sales Increase Almost a Million.

The firmer tendency in the money market, in which there was a distinct advance in time loan accommodation, and the warning of the Federal Reserve Board regarding investment in unsecured Treasury notes of belligerent countries.

Wall Street advanced the idea yesterday that the buying by substantial houses of the rails was not a mere speculative operation.

Estimates made yesterday place the dividend and interest payments in December at more than \$165,000,000, a new high point for that month.
